Summary: What happens when a time agent goes back to the past to get vikings to see their fate? Well, let's just say its going to be weird. I say there weren't many watching the movie fanfics on wattpad so I decided to create one. this is my first fanfic so I know it may not be the best. Please read review, I hope you like it!

1. Time Travel

Hi people This is my first story on here and its a watching the movie fanfiction. I know I'm not the best at writing but I really wanted to do this. Please review!

I do not own anything to do with the missing series or HTTYD. I also don't own the picture on the cover. I might be over doing it with the disclaimers but I can get really paranoid!

"You get to kill the dragon!"

"Yes, I am so..."

Suddenly, it felt like they were falling. Soon enough they landed on the ground, they seemed to be in a cave. The vikings scrambled to get up.

"WHAT IS THE MEANING OF THIS!" The chief, Stoick the Vast, screamed.

"Whoa, where are we?" Ruffnut asked.

"Oh, right. I should probably be giving explanations right now," the girl said. She looked about 13 with black hair and was wearing weird clothes-jeans, a red t-shirt with what looked like a dragon on it, and a black jacket.

"Yeah, that might be helpful," Hiccup said.

"Right, well I'm Joana and I'm a time agent. So basically I time travel."

"Wait, you can time travel, how?" Astrid asked curiously.

"I use this device called an elucidator," Joana says holding up what looks like a knife.

"That's a knife, not an ecluci-, an enucid- oh whatever," Snotlout said.

"First of all, its pronounced elucidator. Second, it is it just takes the form of an object from that time period. Also, you were brought here to see the future which I'll show you using my elucidator. But first, I would like to introduce some other guests." Joana told the Vikings as she typed something into her elucidator knife.

At first there wasn't anything there and then there were dragons.

"Dragons! Why are they here!?" Stoick said as he and the other vikings looked for their weapons.

"What did you do to our weapons?!" Gobber shouted seeing all of them seemed to have vanished.

"The dragons are here because they are a part of the future you will see and your weapons have been confiscated until I know you won't hurt them. For now I'm using my elucidator to put a force field up that only I can cross.

"So, what are you showing us?" Fishlegs asked.

"I'm glad you asked, this is a movie is about that kid," Joana said pointing to Hiccup. His eyes widened in surprise.

"Useless! Why, it shouldn't be about him it should be about me!"Snotlout says arrogantly.

"Shut up, there's more to him than it seems," Joana says. "Besides you shouldn't judge people, you don't know what he's really like. I mean, what did you first think about me?"

"I thought you were crazy and dangerous"

"See, you cant get everything based off of first impressions. You're only partially right. I'm just crazy and weird, not dangerous." Joana told Snotlout. "Anyway take a seat on any of he benches and we'll get started. Does anyone have any last questions?"

Hiccup raised his hand,"Umm, what exactly is happening in the movie? All we know is that it's about me.

"Sorry, I cant reveal anymore, lets just say it involves the dragon war." The vikings were confused at her words. How did Hiccup have anything to do with the dragons?

"Let's get started!" Joana yelled over-dramatically while she was messing with her elucidator.

Suddenly a screen appeared on the rock wall.

Anyway, thats the first chapter, I hope you like it!

Doe anyone see how I'm incorporating some aspects of The Missing Series into this? They are such great books, they are by Margaret Peterson Haddix. It's still more about HTTYD though. Well see ya later, if you like this so far, bye!

2. This is Berk

**Hi again! This is the first scene if the movie. The movie dialogue will be bold and the other stuff will be regular.**

**By the way, this story was originally posted on Wattpad and I've decided to put it here now. It's under the same username.**

**I do not own HTTYD, the missing series, the script, characters...**

**So basically I don't own anything.**

Joana was typing in her elucidator. "Here we go, the movie will be starting soon," she said to the vikings.

Hiccup was growing increasingly nervous. If his suspicions were right, then this would reveal Toothless!

FADE IN: EXT. NORTH SEA/VILLAGE - NIGHT We skim above a dark, wild ocean. The camera turns toward a lone island, Berk. It is a gigantic shard of rock jutting straight out of the water.

HICCUP (V.O.) This, is Berk.

The vikings were surprised to hear Hiccup's voice coming out of the walls.

"Wait, why is his voice coming from the movie? You should be hearing me! Snotlout said arrogantly to Joana.

"Idiot, she said the movie was about him, duh! Astrid said to Snotlout as she pushed him over.

"Right, well lets continue."

**HICCUP (V.O.) It's twelve days North of hopeless, and a few degrees South of freezing to death. It's located solidly on the meridian of misery. **

"Wow, great description," one viking says. Others nod in approval.

Stoick and a few others think, "it's not that bad."

Some people, like Gobber, just laugh.

**The camera drifts over rolling hills to reveal a small village nestled on an outcropping of sea mounts. **

**HICCUP (V.O.) (CONT'D) My village. In a word, sturdy. And it's been here for seven generations, but every single building is new. **

"We all know why," Spitelout says.

"Yeah! Wait why?" Tuffnut says. Everyone else groans, even the dragons.

"Idiot!" Ruffnut says as she punches her brother in the gut.

**The camera drifts closer, circling. **

**HICCUP (V.O.) (CONT'D) We have fishing, hunting, and a charming view of the sunsets. The only problems are the pests. You see, most places have mice or mosquitos. We have... **

**Sheep graze peacefully on a hillside. Suddenly one is snatched. **

**CUT TO: INT. STOICK'S HOUSE - CONTINUOUS A door is pulled open... as a DRAGON swoops directly toward it, BLASTING FIRE. The door is SLAMMED. The fire shoots through the slats of wood, illuminating HICCUP, a gangly teenage Viking. **

**HICCUP ...dragons. **

The dragons look up at their appearance.

**EXT. STOICK'S HOUSE He reopens the sizzling door, as leaps off of the front porch. He weaves through the erupting mayhem as Vikings pour out of the buildings, ready for a fight. **

"Oh no, Hiccup's leaving the house again. This shouldn't even surprise me anymore," Stoick said groaning.

"By the way, some of this takes place in the past, like this scene, soon you'll see the future." Joana says to the vikings.

**Ok so that was the first scene and remember I don't own anything. Later I might add some other things from the Missing Series, like me know if I should.**

**Please read and review, bye.**
